Johns Hopkins Engineering

Applied Machine Learning for Mechanical Engineers

Popular Supervised Machine Learning Techniques, Part 2, C

JOHNS HOPKINS
WHITING SCHOOL
of ENGINEERING

Convolutional Neural Networks

- By the end of this lecture you will be able to:
  - Apply CNN for classification problems in Python
  - Apply CNN for regression problems in Python

Convolutional Neural Networks

Let’s jump to Module06_C.ipynb

Convolutional Neural Networks

- In this lecture, you learned about:
  - How to apply CNN for classification problems in Python
  - How to apply CNN for regression problems in Python
- In the next lecture, we will apply KNN and LSTM for regression and classification problems in Python
